## THE RAYMOND LION

Twenty-two Lions and two guests attended the regular meeting of the Lions Club at the Opera House on Monday night at 7:30 p.m. This was the final meeting before the usual summer recess period. There was a very busy business discussion. A tentative report was heard on the success of the Stampede. The gate receipts more than usual but expenses have gone up about thirty percent. The net results should be a few hundred dollars—enough to do a little repair work for next year.

Allan Watson, recently returned from an L. D. S. Mission, was guest speaker. He gave a brief report on his work. He was much impressed with the work of the Lions Clubs in the various centres where he was working. Every district had a very active Lions Organization and he was proud of his former connections with Lionism in Raymond.

The Lions are very proud of their effort in finishing the first unit of their playground project. An official opening ceremony was held at the site in front of the swimming pool on Saturday morning before the first day of the Stampede. President Ray Woolf declared the Playground officially open and invited the children to use it wisely and well. The Committee in charge with Heide Karaki as Chairman then presented each child, about 250 in all, with a little gift of sweets as token of the Lions esteem of our younger generation.

The little boy finished his prayer with this request "Please God, put the vitamins in our pies and cakes instead of in the codliver oil and spinach. Amen."

## A Boy's Essay on Anatomy

Your head is kind of round and hard, and your brains are in it and your hair is on it. Your face is in the front of your head where you eat and make faces. Your neck is what keeps your head out of your collar. It's hard to keep clean.

Your shoulders are sort of shelves where you hook the suspenders on them. Your stomach is something that if you do not eat often enough it hurts, and spinach don't help none.

Your spine is a long bone in your back that keeps you from folding up. Your back is always behind you no matter how fast you turn around.

Your arms you got to have to pitch with, and so you can reach the butter. Your fingers stick out of your hand so you can throw a curve and add up arithmetick.

Your legs is what if you don't have you can't get to first base, neither can your sister. Your feet are what you run on. Your toes are what always get stubbed.

That's all there is to you except what is in side of you and I never saw that yet.

The unhappy man says "Not a day goes by that my wife doesn't show her incompatibility." His golfing pal sympathizes with "Yeah! Isn't it a crime what women will wear these days."

## He Can Get It

Walking along the street the other day a man was attracted by screams coming from a house. He ran in to investigate and found a frantic mother whose small son had swallowed a dime. Cal seized the lad by the heels and dropping him head down shook the dime to the floor. The grateful mother was lost in admiration. "You certainly knew how to get it out of him. Are you a doctor?" "Oh

## Recent Wedding Of Interest

On June 20th marriage vows were exchanged between Vivian, daughter of Mr. and Mrs. Norman Drayton and Lee, son of Mr. and Mrs. Harry Fairbanks, in the Alberta Temple.

The bridesmaids, Willa Rae Walker, June Emery, Hazel Fairbanks and Bernice Dahl were gowned in pretty pastel evening dresses and carried colonial bouquets. Harold Fairbanks was best man and Glen Walker Jim Heninger and Rex Erickson were ushers. Mr. and Mrs. Geo. Erickson and Mr. and Mrs. Wm. Anderson acted as hosts at the Reception held in the beautifully decorated Stake House. June Anderson was in charge of the Guest Book and Elaine Stevenson and Relta Walker accepted and arranged the many lovely gifts.

The bride's mother chose a two piece mauve frock with grey accessories and a corsage of talisman roses for the occasion. Mrs. Fairbanks wore a rose afternoon dress with navy accessories and red roses.

Emma Dahl played soft music while the guests partook of the delicious lunch prepared by Mrs. Hancock and the Neighborhood Club and served by Margaret and Barbara Rodeback, Barbara Fairbanks, Joyanne Dahl, Janet Turner, Norma Dahl, Kay Stone and Marie Dahl with Mrs. Ruth Salmon supervising. The bride's table was centered with the beautiful wedding cake and tapers and flowers on either side completed the picture.

The bride chose a blue suit with grey accessories for her honeymoon trip to Waterton and points south. They will make their home in Edmonton.

A Wednesday night Club met at the home of Ruth Nalder last week for their regular get-together.

Special guests were Kathleen Newman and Barbara Nalder.

At the conclusion of the evening a lovely lunch was served.

## Local Lasses Injured In Cardston

Two young Raymond ladies are fortunate to be back home this week after being involved in an auto accident in Cardston that could easily have been fatal.

Last Wednesday evening Dawn Mendenhall and Nadine Meldrum were injured in a hit and run affair in the Temple City. Dawn and Nadine were standing in a group of young people when a car driven by a young Indian bore down on them. Several of the group were injured but Dawn had the misfortune of being the hardest hit. She was thrown over one car and under another and was taken to the hospital in a fairly serious condition.

Dr. Spackman of Cardston, treated her for torn ligaments in her left leg and a badly mangled left foot which is now in a cast. Dawn is now at home and gets about with the aid of crutches which she expects to have as her constant companions for the next month.

Nadine was released from the Cardston Hospital the next morning after being treated for bruises and shock.

The driver of the car, Leo Scout, was fined \$50.00 and sentenced to a two month stay in jail.

Mr. and Mrs. Cliff Peterson and small daughter were Sunday visitors at the Harry Fairbanks home.

## Hospital Contracts

After this contracts will be sold during January and July of each year at the rate of \$10 per year. This entitles the holder and his family to all the benefits of a rate-payer.

Make your payment at the Hospital now to avoid dis-appointment later.

## Renowned Lecturers To Hold Classes Here

The people of Southern Alberta will have the opportunity of attending lectures given by six eminent speakers from Brigham Young University in Provo, Utah, during Leadership Week at the Stake House.

From 8 to 9 each evening Stan Watts will conduct classes on "Basketball Coaching" which should be highly interesting to all followers of the game in this area. Here is the chance for some non-players, but eager fans to learn a little about Raymond's favorite sport.

Dr. Ray B. Farnsworth will deliver ten lectures on "Making the Most of Your Farm" and will be glad to assist any and all in solving their farming problems.

"Art In Everyday Life" will be discussed by Glen Turner who should have quite a following among the home planners and decorators of the present and future.

Those interested in the art of teaching will find J. Ira Young's discussion of "Teacher Training" both interesting and informative.

"Music In the Church" is the subject to be discussed by Nevell B. Weight and this class holds a lot in store for everyone from the just plain music lover to the most accomplished musicians and conductors.

Dr. Sidney B. Sperry will cover the topic "L. D. S. Scriptures".

## 1,400 Have Pictures Taken

The Christmas Seal Mobile X-Ray Unit, No. 1, has been in town all week and by the time they wind up proceedings on Friday night they expect to have taken about 1,400 free chest X-rays. This is somewhat below the number planned.

Mr. and Mrs. A. Parks and Charlie Goff, all of Calgary, were the technicians in charge with numerous ladies from town assisting with the book work. The X-Ray Unit was located behind the Town Hall and the Council Chambers were used as an office.

Two evening shifts, on Monday and Wednesday, were arranged for workers who were unable to attend during the day.

The Unit which arrived here from Stirling will move to the Mental Hospital on Friday night before going on to continue its fine work at Magrath.

This work, and a wonderful it is, for many cases of the "white plague" are discovered early so that cures can be affected, is financed by your personal contributions which are made by the purchase of T. B. Christmas seals. Next Christmas when the T. B. Association mail you an envelope containing Christmas Seals, do your part to stamp out the killer T. B. by mailing your contribution promptly.

A word of explanation—If you do not receive word from the T. B. Association you have nothing to worry about—only those affected are notified.

The local T. B. organization and the people of Raymond and district are sincerely grateful for having the work done.

## OIL MAKES A COUNTRY STRONG

## "OIL NEEDS A LOT OF THINGS, JIMMY!"

"Tankers, Jimmy, are just one of the things the oil business needs. It needs supplies for pipe lines and new refineries. It needs tank cars and trucks and storage tanks. It needs workers and material from all parts of Canada."

Bringing you oil is a big job. It employs labor and skills and ideas across the nation. In the past five years Imperial Oil alone has undertaken to invest more than \$200 millions—about \$60 for every family in Canada. Much of this money has been spent to find and develop new oil fields in the prairies, fields which mean new prosperity and new security for all Canada. But almost half of it has been invested in new tankers and pipe lines, in new refining units and in facilities to bring the products to you.

With oil playing an increasingly important part in our daily lives, the oil industry's job is bringing new strength and better living for Canadians everywhere.
